DIAA WA Dairy Product Competition 2024 Results

Chief Judge's comments

DIAA WA has a long tradition of delivering a technical product competition using judges that are industry experts owing to their extensive experience in manufacturing many different types of dairy products. Using their expertise samples are judged against with industry standards. The objective of WA's DIAA Dairy Product Competition is to support Western Australian Manufacturers, showcase their products and where necessary improve product quality through the provision of honest feedback.

This year's competition was a great success. West Australian Dairy Product Manufacturer entered 174 products which got judged in 36 different classes. The only downside was that we had no entries for Non-Bovine Dairy Products but we all know, that the economic environment is very challenging and not easy for many manufactures.

Overall, outstanding product quality starting from the milk classes as all samples were very close and only slight nuances in the flavour profile made the difference. In the cheese category, outstanding samples which show the high quality level of cheese manufactured in WA. Congratulations to La Delizia Latticini as first entry into DIAA WA Dairy Product Competition and has been awarded as most successful Exhibitor and Denmark Farmhouse Cheese with Crem Dal Blu as well-deserved Grand Champion in 2024.

A number of innovative products were submitted with new and unique flavours in Ice Cream/Gelato classes as well Frozen Dessert. This was reflected in outstanding, high scoring products. Congratulations to Bannister Downs as Champion Innovation for the new 2L PET

Milk Bottle made from 100% recycled plastic in Australia.

Overall, the quality of products in the competition was high level with participants receiving 61 Gold Medals and 107 Silver Medals. The results confirm the exceptional quality of Western Australian Dairy Products. The judging panel congratulate all manufacturers on the quality of Western Australian Dairy Products they produce which meet international best practice.

The competition enables medal winners and category champions to demonstrate their product quality and consistency with buyers and consumers. Product feedback from the judges can be used as a vehicle for further improvement and future development.

I'd like to thank WA branch of the DIAA for organizing the competition, the judges, stewards, data entry personnel and European Foods, The Market Place in Osborne Park for providing the location for judging. I appreciate the personal effort of everyone involved that volunteer their time in running the product competition to showcase Western Australian Dairy Products.

Michael Rammer

DIAA WA
Chief Judge 2024
