DIAA WESTERN AUSTRALIAN DAIRY PRODUCT COMPETITION RESULTS

2023

Chief Judges Comments

The Western Australian Branch of the Dairy Industry Association of Australia (DIAA), has a long tradition of delivering a technical product competition using judges that are industry experts owing to their extensive experience in manufacturing many different types of dairy products. Using their expertise, samples are judged against the highest industry standards. The objective of our dairy product competition is to support Western Australian manufacturers in improving product quality by providing honest feedback.

This year's competition has been outstanding as more products entered the competition than ever before. There were 203 product entries in 47 classes from 18 different Western Australian manufacturers. The high level of interest in the competition resulted in 7% more samples being judged in 2023 than in 2022. This follows an increase of entries of 16% over the previous year. Despite the challenges experienced along the supply change, rising costs of manufacturing and a high inflation rate, our manufacturers showed strong support for the competition and the value it provides to the industry.

Several innovative products were submitted with new and unique flavours in ice cream/gelato classes. This was reflected in several outstanding, high-scoring products. Also, the cheese classes showed many outstanding and high-quality products and a well-deserved Grand Champion with Dellendale

Creamery for Torndirrup Appenzelle.

Overall, the quality of products in the competition was of a high level, with participants receiving 83 Gold Medals and 118 Silver Medals. The results confirm the exceptional quality of Western Australian Dairy Products. The judging panel congratulates all manufacturers on the quality of Western Australian Dairy Products they produce, which meet international best practice

The competition enables medal winners and category champions to demonstrate product quality and consistency with buyers and consumers. Product feedback from the judges can be used as a vehicle for further improvement and future development.

I want to thank the WA branch of the DIAA for organising the competition, the judges, stewards, data entry personnel and European Foods, and The Market Place in Osborne Park for providing the location for judging. I appreciate the personal effort of everyone involved that volunteered their time in running the product competition to improve Western Australian dairy products.

Michael Rammer
